## ROPE GRAB

Part #	Description
16LRGGR 85-52S	5/8" Trailing Rope Grab Lanyard
16LRGGR 85-52SRT	5/8" Trailing Rope Grab Lanyard In Retail Box

Dentec Rope Grab with attached lanyard is a practical solution for many fall arrest applications. Our Rope Grab is equipped with a Panic Lock feature as well as an orientation lock out feature that will not allow the rope grab to be installed upside down. Dentec Rope Grab combinations are CSA certified. This lanyard is specifically designed for fall arrest purposes for workers weighing between 60 kg (132 lbs) to 140 kg (310 lbs), including tool belts & accessories.

- 30in (0.76m) long energy absorbing lanyard
- 1 double locking ergonomic snap hook
- Panic lock feature to avoid the user holding the device open
- Orientation lock out to eliminate the chance of wrong installation
- Rated for workers 60 kg (132 lbs) to 140 kg (310 lbs), including tool belts & accessories
