

# BC CSA Z1220

# BC CSA REGULATION FIRST AID KIT CATALOGUE

WorkSafeBC has announced they are moving to a new first aid kit and training standard effective November 1, 2024. The kit contents will be a hybrid of the CSA Z1220, but WorkSafeBC are adding some additional PPE that are not included in the CSA Z1220 standard. These include safety glasses or faceshields and medical masks. The following link will take you to the WorkSafeBC website:

<https://www.worksafebc.com/en/law-policy/occupational-health-safety/searchable-ohs-regulation/ohs-regulation/part-03-rights-and-responsibilities#Schedule3A>.

WorkSafeBC will accept first aid kits to the new standard effective immediately.

It is important to understand that a regular CSA First Aid Kit cannot be sold in British Columbia as of September 30th, 2024, due to the differences in componentry between CSA Z1220 First Aid Kits and the new Regulations which British Columbia CSA variation is adopting.
